# Help someone who can never repay you.

Aura's House is a charitable group of volunteers that help children and families in poor areas. In the past four years, this grassroots site has raised more than \$77,000 – all of which has gone to help a grand total of 27 sponsored children, their families and communities in 10 countries on 4 continents! We use a top rated charity, Children International, to accept and process donations which are tax deductible.

You can make a difference and help Aura's House by:

- **making a donation of any size (some employers will even match your donation!)**
- emailing, writing or telling your friends about Aura's House
- **holding fundraisers for Aura's House (car washes, raffles, wine-tasting parties)**
- printing and posting this flyer at your community center, your university, your office posting board, or anywhere else you think might be appropriate
- **purchasing Aura's House products from our online store**
- joining IGive.com for free and choosing Aura's House as your charity
- **add us as a friend or a cause on Myspace.com or as a cause on Facebook.com**
